About World Café Europe

World Café Europe is a non-profit organization which builds multi-stakeholder partnerships to strengthen both the effectiveness and sustainability of large group dialogues designed to foster creativity, collaboration and innovation. Its collaboration with partners is designed to generate leadership capacity as a way to foster increased support for stakeholder dialogues in all levels of civil society, government and business. Through the design and hosting of participatory dialogues combined with integrated evaluation approaches, World Café Europe aims to foster a new culture of conversation in all sectors of society.
